

TIME

Providing Students With Another Level of Support.....

In The Classroom:

Teachers design lessons so students can learn the content and demonstrate their skills and abilities.

TIME:

Time which supports students who require more time and/or alternative strategies/approaches to master the content initially addressed in the classroom.

Student Services:

Students who experience significant difficulties either academically or behaviorally will be provided with extra support from an EST.

EASY ONLINE REGISTRATION

- Students can access registration anytime to enter their individualized intervention.
- If a teacher requires a student to be at a specific TIME registration can happen at that very moment.
- Students will be provided time each Friday in TIME to refine their individual intervention schedule for the following week.

WHAT IT IS.....

- Individualized Intervention scheduled EVERY day for 40 minutes
- Targeted study sessions focused on a specific skill or content area
- Additional time for credit recovery/relearn/reassess/exam support /coursework completion

WHAT IT IS NOT

- A SPARE!
- Making a schedule and not following through on your commitment to achieve personal excellence
- Showing up and not making use of the support
